## 1. What is our purpose?

### To inquire into the following:

#### • Central idea:

Color, and how we perceive it, is an elemental component to Visual Art.

#### Summative assessment task(s):

**What are the possible ways of assessing students' understanding of the central idea? What evidence, including student-initiated actions, will we look for?**

Students will create artworks exploring the use of color, by mixing colors, shades, and tints.

## 2. What do we want to learn?

**What are the key concepts (form, function, causation, change, connection, perspective, responsibility, reflection) to be emphasized within this inquiry?**

**Key Concepts:** Function, Change, Connection

**What lines of inquiry will define the scope of the inquiry into the central idea?**

- How color can be controlled and created by combining other colors.
- How color can express emotions.
- How colors look different with different materials used.

## 3. How might we know what we have learned?

**What are the possible ways of assessing students' prior knowledge and skills? What evidence will we look for?**

Assessment will include the following:

- Product, ie, finished Artwork
- Process, ie, how the artwork is made
- Observation
- Discussion
- Student reflection: written (Two Stars and A Wish), discussion (with partner or teacher)

**What are the possible ways of assessing student learning in the context of the lines of inquiry? What evidence will we look for?**
